

## CI 702 Assignment

After reading several chapters from your textbook and watching the *F.A.T. City* video, you should have a better understanding of effective teaching strategies for educating diverse learners in your future classroom.

Note: All sections of this assignment must be labeled as presented here.  
This assignment must not exceed two computer-generated double-spaced pages.  
Use APA format, meaning be sure to use 12 font with 1" margins-double spaced-  
title page-running head

1. Identify two effective teaching strategies for educating diverse learners.  
*one to two paragraphs*
2. Describe why these two teaching strategies for educating diverse learners appeal to you as a future educator. What significant points about these strategies were made in the textbook or other resources?  
*one to two paragraphs*
3. What things, if any, were presented that you might be able to use now or in the future? Be specific with details. (If there were none, what recommendations would you make to other educators/researchers?)  
*one to two paragraphs*
4. Provide full reference information.
