Introductory Exercise

Hi Class,

I, Dr. Mandy Lusk, always dreamed of being a special educator. In fact, I earned my undergraduate and master's degree in special education from Mississippi State University. I served as a teacher of students with exceptionalities for seven years before I continued on to earn my doctorate in special education at the University of North Texas. I currently serve as program chair and assistant professor at Wichita State University. My research, teaching and service is solely dedicated to positively educating children and youth with exceptionalities. Personally, I enjoy traveling, spending time with love ones, and volunteering. I am really excited to begin this class and meet all of you!

Attached are a few photos of my favorite things: a) my poodle, Angel; b) Adam Sandler is my favorite actor of all time; c) the billboard symbolizes my work; d) photo of me on the beach refers to my traveling interests; e) the shrimp boat is from my home in Mississippi; f) my sister and I; g) my 4 Godchildren; g) my Jeep in the snow; and h) my parrot, Rita.

Can't wait to hear about your lives!

Best,

Dr. Lusk
