

## **“Journal Review” Format**

**Students:** You will need to construct a journal review based on a peer-reviewed article about any subject (of your choice) related to educating students with significant exceptionalities. This journal abstract will need to be **2 pages, exclusive of title, abstract, and reference page**. You will need to adhere to the **APA 6<sup>th</sup> edition manual** (e.g., 12 point font, double spaced).

In this journal, you may ask yourself the following questions. (Feel free to identify a few of them as headers, too.)

- 1) The main purpose of this article is....
- 2) The key question that the author(s) is addressing is....
- 3) The most important information in this article is....
- 4) The main inferences in this article are....
- 5) The key concepts we need to understand in this article is (are)....
- 6) The main assumption(s) underlying the author’s thinking is (are)....
- 7) If we accept this line of reasoning, the implications are....
- 8) If we fail to accept this line of reasoning, the implications are....
- 9) The main points of view presented in this article include....
